WORK EXPERIENCE

Founding Member — Product Growth, Workwise

Oct 2025 - Present

0→1 GTM, Client Discovery, PRD & Scope Definition, AI-Assisted Prototyping, Enterprise Sales

- Closed the company's **first paid Gulf customer** (UAE oil & gas) — owned the full cycle from discovery and PRD to prototype, demo, and purchase order.
- Shipped **0→1 client systems** for industrial/EPC clients using AI as the executor: a cost-estimation engine, a site-execution app, and a tendering & costing module.
- Codified the end-to-end **engagement playbook** (qualify → discovery → spec → prototype → demo → close) now used across the team.

Project Manager - Growth, AiqaHealth

Apr 2025 - Oct 2025

Strategic Partnerships, Growth, User Research, Product Ideation, Feature Prioritization

- Led a cross-functional team of 4 to drive growth-focused initiatives across product enhancement, performance marketing, and strategic partnerships.
- Led two **investment & partnership deals worth ₹25 Cr** end-to-end.
- Conceptualized and spearheaded the development of a custom CRM app to boost sales team efficiency and improve lead conversion rates.

Associate Product Manager, Zoplar

Oct. 2023 – Apr 2025

User Research, Feature Prioritization, Product Ideation, A/B Testing, Data Analysis

- Built Auto-Dialer & Scheduler on live CRM data to ↑ connected calls by **40%** and ↓ manual tasks by **50%**.
- Led the end-to-end conceptualization and development of a client ticketing system, streamlining grievance management to improve TAT resolution efficiency by **8%** and improve NPS.
- Boosted service engineer productivity by **32%** by building the SE App, replacing 25+ Google forms.
- Pioneered **lead-warmth scoring** on **15+ input parameters** to rank conversion potential and sharpen sales prioritization and decision-making.
- **Oversaw a 50L Marketing Budget**: Strategically optimized spending to reduce CPIL by 18% and boost ROAS to **25**, driving maximum impact through targeted digital campaigns.
- Enhanced Marketing-Sales Alignment: Leveraged data-driven strategies, achieving **35% higher lead quality** and a **100% increase in Lead-to-Interested (L2I) ratio** using **10+ A/B testing campaigns and in-depth data analysis**.

Product Manager Intern, Zoplar

Jun. 2023 – Sep. 2023

Sales Flow Definition and Optimisation, CRM Customization and Implementation

- Implemented LeadSquared CRM for the Lead to Order cycle, customizing over **50 no-code elements** to optimize automations and processes for rapid customization.
- Enhanced sales operations via LeadSquared, enabling real-time lead capture, reducing **First Response Time (FRT) by 80%** to 4 hours, and boosting conversion rates by over **50%** with full lead action visibility.

EDUCATION

B.Tech, ECE (Minor in CSE) | BIT, Mesra | CGPA: 7.9/10.0

Aug. 2019 – May 2023

- **Vice President and Founding Member**: Entrepreneurship Development Cell: Spearheaded the planning and execution of initiatives to foster an entrepreneurial mindset among students.

SKILLS

- **Product Management**: Feature Prioritization, Wireframing, Requirement Gathering, User Story Development, Product Roadmapping, Scope Documentation, Google Analytics, MoEngage
- **Technical Skills**: Data Analytics (Google Sheets, MS Excel, SQL), APIs, AI-Assisted Prototyping (Claude, Next.js, Vercel, Supabase)
- **Tools**: LeadSquared, Knowlarity, Meta Ads Manager, Trello, WATI, Notion, Whimsical, Google Looker Studio
- **Program Management**: Project Planning and Execution, Stakeholder Management, Data-Driven Decision Making
- **Marketing & Sales**: Lead Generation Nurturing, Optimizing Conversions, A/B Testing, Campaign Optimization
